12 Plug-and-Play Scripts for Every Content Type That Converts

Every script follows the same architecture: Hook !' Context !' Value !' CTA. The hook is your only job in the first 2 seconds — stop the scroll or the rest doesn't matter. Breadcrumbs indicate fill-in sections.

THE UNIVERSAL STRUCTURE (memorise this)

1. Hook (0–3 sec)

Bold claim, surprising

fact, or
open
loop.
Must
make the
viewer
curious
or
disagree.

2.
Con
text
(3–
8 se
c)

Why
this
matters
to
THEM,
right now.

3.
Value
(8–
45 s
ec)

The
actual
content.
Tips,
steps,
story, or
reveal.

4.
CTA

(las
t 3
sec
)

One
clear
action:
save, co
mment,
follow, or
click.
