Video Script AI Prompt Pack

26 Prompts

Video scripts have different constraints from written copy: spoken rhythm, visual cues, and a two-second hook window. These prompts build that in.

What's inside

- 26 prompts for script development
- Hook generation with pattern variety
- Shot-cue integrated formatting
- Long-form repurposing prompts
- Spoken-rhythm editing prompts

Hooks

- 01 Generate 15 hooks using distinct psychological patterns
- 02 Rewrite a weak hook to front-load the payoff
- 03 Produce hooks under eight words for on-screen text
- 04 Adapt one hook across three platform conventions

Scripts

- 01 Write a 30-second script with shot cues in brackets
- 02 Structure a VSL using problem, agitation, solution, proof
- 03 Draft a demo script that shows before it tells
- 04 Produce a script at a specified words-per-minute pace

Repurposing

- 01 Extract the five most clippable moments from a transcript
- 02 Rewrite a long-form segment as a standalone short
- 03 Generate captions and on-screen text from a script
- 04 Produce platform-specific descriptions from one source

Polish

- 01 Rewrite for spoken rhythm — read it aloud and fix stumbles
- 02 Cut every word that does not earn its place
- 03 Replace jargon with plain spoken language
- 04 Check the first line works without any context
